**FROM HEAD TO FOOT**

you feel the good that's done by Doctor Pierce's Golden Medical Discovery. It cleanses, regulates and invigorates Stomach, Liver and Bowels and so purifies the blood. And through the blood, it cleanses, repairs, and invigorates the whole system.

In recovering from "grippe," or in convalescence from pneumonia, fevers, or other exhausting diseases, nothing can equal it as an appetizing, restorative tonic to build up needed flesh and strength. It rouses every organ into natural action, promotes all the bodily functions, and restores health and vigor.

For every disease that comes from foul or Weak Stomach, a torpid Liver or impure Blood, Dyspepsia, Indigestion, Biliousness, and the most stubborn Skin, Scalp, or Scrofulous affections, the "Discovery" is a sovereign remedy. Don't be hypnotized, wheedled, or over persuaded into accepting a substitute only that some selfish medicine seller may make a greater profit on the inferior article. The "Discovery" has a great record of nearly forty years with thousands of cures behind it.

*Dear Sir*—Several years ago my blood became impoverished and I became run down in health. I had no appetite, could not sleep, and was practically unfitted for work. Suffered from innumerable boils and was in bad shape. Dr. Pierce's Golden Medical Discovery relieved me of my wretched condition. The medicine built up my system and restored me to a normal condition of health. I can speak most highly also, of Dr. Pierce's Favorite Prescription, as it has been used in my family for years in cases of female trouble.

**The Constant Wearing of a Hat Propogates Dandruff Germs.**

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

### FOUR MEN SHOT.

Four men were shot and killed at Beaver Creek village in Johnson county, Ky., yesterday, in a fight about an election bet. Numerous settlers had gathered at a small grist mill in the village to secure their flour for another week. This was the first "mill" day since the election, and the district being somewhat remote, many had not heard the result of Tuesday's election until they reached Beaver village yesterday morning. Bets had been wagered last "mill" day, and yesterday was pay day for election bets. A wager between Cameron Estep and John Saddler, both well-to-do people of that mountainous district, led to a quarrel, and four men of the community are now dead and another is dying. The dead are: Cameron Estep, Charley Prater, Enoch Bentley and Reuben Morgan. John Saddler was stabbed four times and cannot survive.

Cameron Estep and John Saddler were among the first to arrive at the mill in Beaver village. They wagered five dollars on the result in Ohio, Saddler betting on Herrick. Estep demanded the money from the stakeholder and the funds were turned over to him.

A little later in the day, after numerous other mountaineers had arrived, many of whom had filled up on moonshine whisky, Saddler decided, from reports current in the community, that Ohio was yet in doubt, and that the money should not have been turned over to Estep. He approached Charley Prater, the stakeholder, and, with an oath, told him that he was going to kill him unless he made Estep give back the money. Prater, who was a dangerous man when in his cups, went to Estep and demanded the return of the money.

Estep asserted that the bet was a fair one, that he had honestly won the money, and that he would die rather than be "held-up," as he termed it, by any republican. At this, Saddler drew from another inner pocket a big revolver, and he no sooner brought it into view than four or five other pistols were drawn in the crowd.

Firing was so rapid that it is difficult to state positively the alignment of the combatants, but when the firing ceased, three men, Charlie Prater, Enoch Bently and Reuben Morgan, were dying upon the ground.

Estep, with a smoking pistol in his hand, started running from the scene, and John Saddler made a rush after him with a club in his hands. Estep turned and snapped his pistol several times at him, but the weapon was empty. Estep was out of ammunition, but he drew a knife and turned to face his pursuer. Saddler struck Estep with the club and staggered him, but he recovered, and sprang upon Saddler, stabbing him four times, every thrust entering a vital spot.

Saddler fell to the ground, and as he was being picked up by a friend, William Saddler, a brother, reached the scene of the conflict, and learning that Estep had fatally wounded his brother, he went in pursuit of Estep and overtook him a few hundred yards up the creek, and opened fire. Estep, with empty revolver in hand, pleaded for mercy from his pursuer, but Saddler continued to fire until Estep dropped dead.

At a late hour yesterday evening John Saddler was still alive, but physicians said he woul not survive tonight. All the men engaged were men of families, and were well-to-do people of their community. All leave numerous relatives, and if further bloodshed does not result, even in following generations, from yesterday's tragedy, it will be unlike other feuds which find their origin in the hills of eastern Kentucky.

### Platt's Suit Dismissed

The appellate division of the New York State Supreme Court yesterday handed down a decision dismissing a suit brought by John R. Platt against Hannah Elias, a negress, to recover $685,000 which Platt asserted he had given to her under coercion. The court stated in the decision that it was not made on the merits of the case.

"There are in the complaint," the decision reads, "many allegations of acts on the part of Hannah Elias which would result necessarily in a decree requiring her to make restitution of what she received from the plaintiff. The difficulty is that none of the allegations of the complaint respecting fraud, intimidation, threats, coercion, or blackmail is proven. The plaintiff himself, in his testimony in court, said that he gave nothing to the defendant Elias under coercion; that all he gave was voluntarily given; that he paid her household bills, spent large sums of money in furnishing lodgings or apartments for her, advised her with reference to the investment in savings banks of some of the money he gave her, and as to the disposition of other sums not so invested. It is also true that the plaintiff says that he gave large sums of money to Mrs. Elias 'to prevent anything of our relations coming out to the public,' but there was nothing in his testimony to indicate that there was any threat on the part of Mrs. Elias to expose those relations."

**A Creeping Death.**

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and save his life. Best in the world for burns and sores. 25c at E. S. Leadbeater & Sons' drug store.

### The Fox Hunters.

The Middlesex pack went out yesterday for the meet at Middleburg. After four hours' scent on cold trails, with only one burst of ten minutes, the hounds found near a marble quarry, and after a thirty-five minutes succeeded in running their fox to earth in the woods below Gulick's hill. A field of twenty-six rode to hounds, which is one of the smallest that has yet been out. During the morning Miss Neville Lemmon, of Welbourne, fell at a stone wall, and Mr. Garrett, of Middleburg, went down to a flight of rail. The Grafton hounds will run today.

### Three Legs For As Many Mayors.

For the first time in many years, democratic Mayors were elected in the towns of Belaire, Martin's Ferry and Bridgeport, all in Belmont county, O., and adjoining each other on the Ohio river front, and there are only three good legs among the new officials. Dr. J. W. Blackford, Mayor-elect of Martin's Ferry, has two good legs; George Bresork, new Mayor of Bridgeport, has only one good leg, while George Kompart, elected at Belaire, has two wooden legs.

### Herb W. Edwards Injured.

Herb W. Edwards, of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm and after a few applications all soreness had disappeared. I feel that this bottle of Pain Balm saved me several days' time, to say nothing of the suffering." This liniment is for sale by Gibson & Timberman and W. F. Creighton & Co.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING. NOV. 11, 1905.

THERE IS considerable public interest being manifested in the Interchurch Conference on Federation, which convenes in Carnegie Hall, New York, on next Wednesday, and which is to continue for one week. At least 500 delegates, appointed by the chief advisory or legislative bodies of many denominations, are expected to participate in the conference. This will be the first time in the history of the Protestant Church in America when it can be said that representatives appointed by authority, representing 30 denominations and nearly 20,000,000 communicants, met on common ground to discuss the power, the influence and the future of a united church. Whether anything will come out of this movement remains to be seen. The number of denominations seems to be increasing rather than diminishing, and while churches are multiplied the attendance at most of them shows a falling off. It was urged upon believers in the apostolic age that they all speak the same thing, but, strange to say, their divergencies are now as numerous as the dialects at the tower of Babel.

SENATOR HENRY CABOT LODGE delivered an oration yesterday at Brookline, Mass., on the celebration of the two hundredth anniversary of the incorporation of that town. The Senator pointed out that this country had been built upon the principle established by our forefathers that the government should be as limited in its functions as possible. He said:

Let us beware how we depart from those principles. I say this because it is seriously proposed to extend the sphere of governmental action in State, in nation and in town, in ways which are not all inevitable, but which are advocated openly for the purpose of destroying our old system of restricted government joined to large individual liberty, and replacing it with another and totally different arrangement. The socialists would have the government everything, the anarchists would destroy all government. Should one of these factions carry out its dreams we would have an oligarchy composed of a few officeholders, a despot at their head and all below on one sordid level.

The Senator sees things through the proper lenses.

SECRETARY BONAPARTE and Admiral Sands, superintendent of the Naval Academy at Annapolis, had a long conference yesterday afternoon at the Navy Department in Washington in regard to the death of Midshipman Branch, who died after a fight with Midshipman Meriwether. After the conference Secretary Bonaparte, when asked if the department had decided upon any plan to break up the practice of fighting among the cadets, said:

The practice is very objectionable and the department will do all in its power to discourage it, but exactly what steps will be taken will have to be decided.

Discourage it! What is the matter with abolishing it? If it were known positively that prize fighting or hazing of any kind would be followed by the prompt discharge of the superintendent of the academy and all concerned, such practices would never be heard of. No, never more.

THAT the private hospitals of New York are extravagant in the use of costly drugs and dressings; that great economies are possible; that the hospitals do not receive the support from charitable persons that their work deserves are the findings of the committee on hospital needs and hospital finances which has been at work since March of this year. One of the remedies the committee proposes is a uniformity in keeping accounts and making reports of work done, which, it is believed, will tend to economy in hospital administration [illegible] increased public financial support. The committee suggests that less [illegible]e methods and materials than [illegible]ommonly in use would bring about a great saving without lessening efficiency. The findings of the New York committee will apply to most of the hospitals throughout the country.

THE medical department of Columbia University, New York, has made known the results of a work which it has been conducting for two years in the treatment of tuberculosis. The feature of the work is that the patients have been treated in their homes at a cost less than that necessary to send them to a hospital or sanatorium. The work has been successful in a large number of cases. This will be gratifying to the poor invalids whose lives are frequently made more miserable by physicians who tell them that they must go away or go to a hospital when they are financially unable to do either.

IN the School of Domestic Arts and Sciences at Chicago a course of training for young women has been established in the science of home-making. It includes such subjects as location of house, ventilation and sanitary arrangements, environments of laundry, kitchen and bedrooms, chemicals in cleaning, removal of stains, manufacturing of soaps, care of house and relation of mistress to maid. Such a course of training should be established in schools throughout the country for certain it is that the majority of young women are now growing up in utter ignorance of anything that pertains to home-making.

SINCE Tuesday's election in New York the followers of Mr. Hearst have been denouncing Tammany and making all sorts of charges against that organization, including stealing ballot boxes; robbing ballot boxes, throwing ballot boxes overboard, &c. Such reports reached the office of George W. Morgan, State superintendent of elections, Thursday. They were mostly transmitted through agents of the municipal ownership league. They were investigated by Mr. Morgan's deputies, who report that no voted ballots were lost and that while some negligence was found, there had been no criminal intent. Still, there are some who are ready to believe any charge made against Tammany.

## From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, D. C., Nov. 11.

Commenting editorially on the fight that resulted in the death of Midshipman Branch at Annapolis the Army and Navy Journal says today: "It appears that the whole thing was arranged according to custom and that it was under fair conditions. Most naval officers declare that it would be a mistake to stamp out fighting altogether. They think that midshipmen between whom there is bad blood should be allowed to fight it out, and they regard this fatality, while deplorable, as no more proof than all fighting is fatal than the death of an occasional steeplechaser is proof of the deadliness of horsemanship."

U. S. Consul General J. G. Lay, at Canton, China, will leave that city today with a party of eight for Lieu Chou to make a thorough investigation of all the facts relating to the recent murder there, under atrocious circumstances, of five American Presbyterian missionaries, including Miss Chestnut, Mrs. Machle, and little Miss Amy Machle.

A mixture of cocaine, paranephrine and water, applied on cotton to the nose, is reported by Consul General Guenther, of Frankfort, Germany, to have been found to be an effective cure for colds. It arrests secretions and cures the cold by several applications. The consular agent says that Dr. Vohsen, a German expert, says an excellent remedy in case of children is for mothers to cut a small rubber tube obliquely and to insert the sharpened end into the nose, then, by means of a rubber ball, blow air into the tube. The secretions in one side may be blown out through the other side.

President Roosevelt today promised to insert in his annual message to Congress a paragraph urging the preservation of Niagara Falls from commercial destruction. He did this in reply to representations on the subject made to him by officers of the American Civic Association, who called at the White House this morning.

Wm. Adams, about 38 years of age, this morning assaulted his wife, Bessie, at his home, at 1311 H street northeast, shooting her twice in the hand and once in the breast, then turning the revolver on himself he inflicted a mortal wound just over the heart, from which he died in a few moments. The wife may recover.

Secret agents from Korea have been sent to this country and to some of the European powers asking for intervention to preserve the independence of the Hermit Kingdom and to prevent its becoming merely a protectorate of Japan, according to a dispatch from Seoul this morning. At the State Department it is declared that no such representations have yet been made to that government.

At the State Department here it is not believed that the disturbances in Russia are or will be directed against any foreigners and no special alarm is, therefore, felt for the safety of Americans in St. Petersburg or Moscow. Press dispatches from these two cities this morning indicate a decided feeling of unrest and fear for further bloodshed. It is pointed out that whatever influence is behind the mobs which have created such carnage in the various towns of Russia would gain nothing and might lose much were the fury of the agitators to be directed against foreigners. Only in case of indiscriminate rioting and firing it is thought could any Americans be in danger.

At the final session of the meeting of American Association of Farmers' Institute Workers, held this morning at the National Hotel, G. C. Creelman, of Guelph, Canada, was elected president; J. Hamilton, of Washington, secretary-treasurer; and W. W. Miller, of Ohio, vice-president. At noon those in attendance were received at the White House by President Roosevelt and at 2 p. m. by Secretary Wilson at the Department of Agriculture.

Some statements regarding the scope of the Bureau of Corporations were made by Commissioner Garfield in an after-dinner speech before the Hardwaremen's Association last night. He advocated the right of the government to investigate the business of the great corporations.

President Roosevelt today received a petition, signed by 51 of the largest brewing concerns in the United States, asking that the proposed prohibition stipulation for the admission of Indian Territory to statehood along with Oklahoma, be modified so as not to include beer and ale. The petition was presented by Albert Lieber, of Indianapolis, representing the United States Brewers' Association.

It was announced at the White House this morning that the President would not be able to visit Prince Louis in New York next week.

It is reported that the disagreement between France and Venezuela, which went so far as to cause the dispatch of a French squadron of warships to Martinique where they would be in easy striking distance of the Venezuelan coast, is on the eve of being amicably settled through the withdrawal by both France and Venezuela of the offensive notes that passed between them in connection with the affair of M. Taigny, the French charge d'affaires.

Mr. W. R. Hearst announces that he will be sworn in as mayor if the courts do not decide the contest before January 1. Ten indictments for violations of the election laws and two for assaults at polls were returned by grand jury yesterday. Tammany Hall, it is learned, has decided to attack the validity of Jerome's election, hoping thereby to cool his ardor for attacking McClellan's election. William R. Hearst says that he will put a full Municipal Ownership League ticket in the county field next fall.

## News of the Day.

Early reports of the mutiny, at Kronstadt, it is stated, were exaggerated. Much alarm has been caused by a report that the "Black Hundred" intended massacreing the Jews in St. Petersburg last night.

Ex-Gov. Frank Brown, of Maryland, in an interview yesterday reiterated his determination to be a gubernatorial candidate in 1907, and declared his belief that the democratic party will regain its power in that canvass.

William Barnes, former superintendent of insurance for the State of New York, testified yesterday before the Armstrong investigating committee that a one-man power, in which Thomas Ryan took the place of James Hazen Hyde, still controlled the Equitable Life Assurance Company.

The federal grand jury at St. Louis, yesterday, returned an indictment against United States Senator Joseph R. Burton, of Kansas. It is stated that certain features in the former indictment against Senator Burton, which was quashed, were remedied in this new indictment.

Major Count Adolf Von Goetzen, governor of German East Africa, reports that the insurgents have been beaten in five fights near Songea, and that 4,000 Wangoni tribesmen were defeated October 21, near Nyambengo. The German troops had no casualties, but the insurgents suffered heavy losses.

President Roosevelt has ordered that the consular service rules be changed so as to put appointments and promotions on a merit basis, and that hereafter all appointees to consular places and to positions as embassy secretaries shall be subjected to a rigid examination, similar to the civil service examination.

The position on rate legislation of a majority of the delegates attending the convention of the American Hardware Manufacturers' Association on rate legislation was made emphatic in Washington yesterday, when by an almost unanimous vote a resolution indorsing the stand taken by President Roosevelt was adopted

Mayor Tom Johnson, of Cleveland, O., alarmed at the official report that there have been eighty-six suicides in Cleveland in the last nine months, has taken steps to check the epidemic of self-destruction. He has appointed a commission whose duty it will be to attempt to dissuade would-be suicides from taking their own lives.

Members of the St. George's Episcopal Church in New York now think that Rev. Dr. W. S. Rainsford may not be able to return to his work. St. George's Year Book appeared Thursday and in it Dr. Rainsford writes that he is physically sound, and in many respects never felt better in his life. He is still exceedingly nervous, and lives in daily apprehension of a breakdown. At times he is unable to sleep. His present plan is to remain abroad until next April

A crowd of people saw a woman jump from a fire escape on the fifth floor of the Boston Store, in Chicago, to instant death on a sidewalk in State street yesterday afternoon. The woman was Miss Annie Raines, of Detroit, Mich. Ill health was supposed to have driven her to suicide. Suddenly arising from a chair, where she had been resting, the woman ran to the window and leaped. She struck the sidewalk after hitting one pedestrian and narrowly missing others who had only the warning of her screams and the sight of her body tumbling from the fire escape. She died instantly, her skull having been crushed.

### School Moneys.

The apportionment of funds for the public schools of Virginia has been completed on a basis of 33 cents and 4 mills per capita of the school population, and the figures were made public yesterday. The whole amount to be expended is $193,324.54, and it goes to 578,816 juvenile beneficiaries. This apportionment is made on account of the appropriation by the General Assembly under act approved March 12, 1904, and the accumulated interest on investments of the literary fund. From the gross amount accruing from these sources are deducted the salaries of the superintendents of schools, the expenses of the central office, the salaries and traveling expenses of the State Board of Examiners and Inspectors, and the appropriation for summer normal schools.

The attention of school officers is called to the fact that this money is to be applied exclusively to the pay of teachers of primary and grammar grades.

The following table shows the school population of the counties and cities in this section, and the amount of money apportioned to each:

### Charged with Nine Murders.

A dispatch from Dayton, Ohio, says: With nine murders charged already against him, Dr. Oliver C. Haugh's case bids fair to rival that of the famous Emil Hoch. His alleged crimes, though, are unique, in that all the supposed victims died of poison, which, it is believed, was administered while Dr. Haugh was under the influence of morphine. When confronted with the charge last night that he was the slayer of nine people, Dr. Haugh said: "I might have killed them when my mind was blank." The coroner believes that he married women in Chicago, Milwaukee, Toledo, Loraine, Ohio, and other places, and that all of them died of poison. His arraignment on the charge of murdering his father, mother, and brother at the family home Sunday morning last and the burial of the charred bones of the victims took place yesterday. If the theories concerning the accused murderers and his motives are true, Dr. Haugh simply murdered in order to get money to satisfy his appetite for morphine. While the funeral was in progress, Dr. Haugh fretted in his cell because of the slowness of the turnkey in furnishing him with the hourly allowance of morphine.

## Virginia News.

That farms in Frederick county are now bringing good prices as a result of the big apple industry near Winchester shown by the sale of Perry Purcell's fine apple farm, containing 106 acres, for $13,000. An Ohio man is the purchaser. The farm is in the heart of the apple-raising section, on Apple Pie Ridge.

John Biggs, night clerk for the Western Union Telegraph Company at Norfolk, has been dismissed because he refused to accept an unpaid message from President Roosevelt to his wife at Washington, sent to the Norfolk navy yard from a battleship by wireless telegraphy and telephoned to the telegraph office by some one unknown to the clerk.

No report has yet been made by the board of visitors of the Virginia Military Institute, which is in session at the institution investigating the complaints against the commissary department. The general impression is that the third class, which offended by threatening to withdraw, will be expelled. Most of the members of the class who hold State appointments are now willing to retract their ultimatum and apologize, but the other members will refuse to apologize to the end.

### Daughters of the Confederacy.

The third days meeting of the United Daughters of the Confederacy, Virginia Division, was held in Richmond yesterday. The memorial to Gen. Stonewall Jackson is now to be an accomplished fact. A considerable sum of money has already been raised for the purpose.

Mrs. Garnett, honorary president of the division, submitted a revision of the words of "Dixie," and a motion was made for the Daughters in convention assembled to adopt her copy instead of the original words. The convention, although appreciating the beautiful song composed by Mrs. Garnett, did not approve of any change in the original.

Mrs. Randolph made an appeal in behalf of the Fitzhugh Lee monument. She concluded by saying:

"We have brought his body to Hollywood, and we will erect a monument to him and we will have him in a Confederate uniform."

Mrs. Walke, of Norfolk, made a motion that Congress be petitioned for an appropriation for the erection of a monument to Commodore Maury, to be placed at Hampton Roads or Cape Henry. Miss Preston, a Daughter of the American Revolution, of Roanoke, and Miss Atkinson, regent of the Old Dominion Chapter, Daughters of the Revolution, stated that such a movement was already on foot by Daughters of Revolution. It was stated officially that the Daughters of the Revolution would appreciate an expression of indorsement in the movement on the part of the Daughters of the Confederacy.

The convention took luncheon at the Soldiers' Home, where the delegates were the guest of Lee Camp Auxiliary.

The matter of the House for Needy Confederate Women was discussed at the night session. The question came up on petition from Mrs. A. J. Montague.

Mrs. Endus Robinson spoke with fine feeling on the question of indorsing the Confederate Museum.

The report of the Stonewall Jackson Memorial committee was presented by Miss Davidson, of Lexington; Mrs. McCullough and Miss Pendleton. A resolution was adopted providing for the purchase of the house of Stonewall Jackson in Lexington and its dedication as a memorial to Jackson. More than $500 was pledged at this meeting.

An animated discussion arose over a motion to memoralize Congress to build a monument to Commodore Maury. The suggestion that such a move would interfere with the Daughters of the American Revolution, who had already taken the matter up, was freely discussed. A motion was finally carried to indorse the work of the Daughters of the Revolution in this matter.

The following officers were elected last night: President, Mrs. W. R. McKenney, of Petersburg; first vice president, Mrs. Charles G. Elliott, of Norfolk; second vice president, Mrs. C. B. Robinson, of Bowling Green; corresponding secretary, Miss Hickson, of Manassas; tressurer, Mrs. James E. Alexander, of Alexandria; registrar, Mrs. Elvira Jones, of Roanoke; custodian, Mrs. J. H. Timberlake, of Richmond. Mrs. J. E. B. Stuart and Miss Sallie Tompkins were elected, respectively, fifth and sixth honorary presidents.

It was decided to hold the next meeting in Wytheville.

## Today's Telegraphic News

### Complexion of Legislature.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Nov. 11.—Late official returns received today settle the complexion of the legislature except Franklin county. Botetourt Henry and Pulaski send democrats and Floyd, Carroll, Grayson, Patrick, Smith and Shenandoah republicans to the House. The Senate will stand democrats 34, republicans, 6. In the House democrats 87, republicans 12, doubtful 1. On a joint ballot the democrats will have 121, republican 18, doubtful 1.

### Conditions in Russia.

St. Petersburg, Nov. 11.—Forty thousand workingmen held meetings here today and decided that they will press their demands for an eight hour working day, notwithstanding the threats which have been made by the employers that they will close down their factories and places of business immediately if this is done. The workingmen also took steps to prevent the threatened massacre of Jews and intellectuals, which it has been reported is set for tonight or tomorrow. The workmen resolved that they would protect the Jews, students, and intellectuals themselves. They have organized themselves into detachments to guard the various sections of the city in the event of outbreaks in this city similar to those which have occurred in southern Russia.

The Holy Synod has issued an appeal addressed to all believers of the orthodox church not to take advantage of the privileges which have been granted them to bring about a civil war but to show a peaceful and loving disposition to the unorthodox fellow subjects of the empire.

The industrial associations of Kharkoff and Riga have telegraphed to Count Witte that the workingmen are preparing to renew the strikes at both those points. If the strikes are renewed, the associations say, it will mean absolute ruin. Count Witte answered that he is powerless to do anything to avoid the strikes. There are constantly increasing signs of a panic in St. Petersburg.

Warsaw, Nov. 11.—The Hebrews of this city have been thrown into a panic today by the appearance this morning of strange marks on their doors and window shutters. They believe that the presence of these marks is proof of the stories that fresh anti-Jew riots are being planned and that the marks indicate which houses have been selected for attack. The Governor-General has assured the Jews that he will maintain order, at any cost, but his promise has not reassured the panic-stricken Hebrews. A deputation of twenty-two aristocrats he selected to go to St. Petersburg to lay before the Czar the demand of Poland for autonomy left here today for the Capital.

Crondstadt, Russia, Nov. 11.—The city is still under military control. There have been no fresh disturbances today.

Odessa, Nov. 11.—Advices received here today from Kishineff tell of a mutiny on the part of prisoners in the jail there, and the subsequent killing and wounding of many of them by soldiers after the mutineers had set fire to the jail. The prisoners last night demanded that they should be set free and when the request was refused, fired the building. Troops were hurried to the spot and fired a volley into the mutineers, killing 22, and wounding many others.

### Contest for the Mayoralty.

New York, Nov. 11.—In the event of the courts not having made an adjudication of the mayorality contest in this city by the first of the year, it is said that Wm. R. Hearst has reached a decision to take the oath of office and present himself at the City Hall and demand possession of the office. In that event New York will have two mayors. Mr. Hearst would send a message to the Board of Aldermen, as would Mayor McClellan. Under the law applications for a recount must be made within twenty days after an election, and there remains still fifteen days for the Hearst counsel to present affidavits of fraud and non-count of so-called void and protested ballots. Intimations are made today, but are not confirmed, that at a conference last night between counsel for Hearst and John McCullagh that enough evidence has been obtained to secure a warrant for a well-known district leader in this city. The identity of the leader is withheld. None of the indictments ordered drawn yesterday by the grand jury involve any election officials of prominence. They are indictments for illegal voting and fraud. These indictments will be returned on Monday, and the arrests will follow. The canvass of the vote will be made by the Board of Aldermen on Tuesday and a riot is expected to develop when the Tammany people ask that the envelopes containing the protested and void ballots remain sealed. Previously the envelopes have been opened and the Hearst people say they will go into the courts to secure an order to have them opened. A mass meeting of the Citizens' Protective League will be held tonight at Durland's Academy to protest against the prostitution of the ballot.

Albany, N. Y., Nov. 11.—William Randolph Hearst, the municipal ownership candidate for Mayor of Greater New York, has petitioned Governor Higgins to order all ballot boxes placed in an armory in New York city, and to be guarded by State militiamen. It is understood that the places now used for the storing of the ballot boxes are not fire or burglar proof, and much apprehension is felt as regards their safety, hence the petition of Mr. Hearst and his followers to place them where they will be absolutely safe and closely guarded by troops. Governor Higgins declined to interfere in the mayoralty fight, with regard to the petition of Wm. R. Hearst to place ballot boxes in armories.

### Prince Louis in New York.

New York, Nov. 11.—The programme of social festivities in honor of Prince Louis of Battenberg and his fleet proceeds with unflagging enthusiasm, and it is now announced that President Roosevelt will come from Washington on Tuesday, to pay the Admiral Prince a formal visit. Miss Alice Roosevelt, who is visiting Mrs. Douglas Robinson, here, will meet her father and will attend the ball given on the flagship Drake on Tuesday evening. She will dance with Prince Louis, as a matter of etiquette. The deck of of the Drake will be covered with 4,000 yards of canvas, stretched taut, covered with stars and stripes bunting, all of which has been prepared by the handy men of the warship for the occasion. Prince Louis of Battenberg and his party left here this morning for West Point, where they will visit the military academy. After the reception at the Academy the party will witness a football match between the cadets and the Carlisle Indians. The rank and file and junior officers witnessed a football match at the American League Park this afternoon between a picked eleven of the British fleet and a local association football team. The alumni association of Annapolis entertained the officers of the British fleet at Delmonico's last night. There was a demonstration over Miss Helen Gould when Commander Aaron Wade spoke of the Christian work she had done for the man behind the gun in the United States navy. Her health was drunk, and she was visibly affected by the scene in her honor while she looked down on the banquet hall from the balcony. At the close of the banquet, with hands clasped across the tables, the American and British officers sang "Auld Lang Syne."

### The Demonstration Against Turkey.

Paris, Nov. 11.—By agreement of the powers which will participate in the proposed demonstration against Turkey to force the Porte to agree to the plan for international control of Macedonian finances, and an Austrian admiral will be selected to command the joint naval expedition. It is expected that the joint fleet will assemble at some neutral port and the warships will then proceed in a body to some point on the Turkish coast where the demonstration will be made. This point will not be selected until the the last moment, however. It is believed that the demonstration is imminent, as little hope is expressed here that the efforts of the Kaiser to induce the Sultan of Turkey to yield to the demands which have been made upon him will succeed, although time will be given to see what may be accomplished in this direction before the demonstration is made.

### The Susan Geary Murder Case.

Boston, Nov. 11.—Three men and one woman were indicted on the charge of complicity in the death of Susan Geary, the victim of the suit case tragedy by the Suffolk county grand jury today. The male defendants are those already in custody in this city and New York—Dr. Percy McLeod, Lewis Crawford, and William E. Howard, alias Hunt. Mrs. Mary S. Dean, who is a fugitive, is the fourth defendant.

No bill was returned against Morris Nathan, the girl's lover. The indictment charges Mrs. Dean with being the principal in the crime and Crawford and Howard as accessories before the fact, and Crawford, Howard and McLeod as accessories after the fact. Howard and Crawford are charged with abortion.

### Binghamton to Have Two Mayors.

Binghamton, N. Y., Nov. 11.—It has just been discovered that Binghampton will have the unique distinction of having the two mayors during the next two years, one a republican, the other a democrat. Hiram H. Woodburn, republican, elected Mayor on Tuesday is a Delaware & Hudson conductor running to Albany, and has announced that he will hold his railroad position during his occupancy of the mayor's chair. This will necessitate his absence from the city every other day, and, according to the city charter the President of the Common Council will be chosen Monday night, and who will be a democrat, will act as mayor during his periods of absence.

### Warrant Refused

New York, Nov. 11.—Magistrate Crane today refused the application for a warrant for the arrest of Ingersoll Lockwood, the lawyer who has figured in the case of Mrs. Margaretta Todd. The application for the warrant was made an affidavit of P. W. Radcliffe, an undertaker, who claimed the lawyer wanted to have the body of Mrs. Todd cremated.

### Protests Against Dancing.

Stroudsburg, Pa., Nov. 11—This town is getting too gay for the Rev. W. Q. Bennett, pastor of the Methodist Church. Addressing a meeting of church members, Pastor Bennett paid particular attention to dancing classes, and declared that some parents found it necessary for the proper education of children to send them to such gatherings. He declared that these same parents were willing to pay $1 a lessen for this privilege, and yet were not willing to pay anything toward the coal bill of the church. He also denounced playhouses as the "playgrounds of the devil."

### Pugilistic.

Los Angeles, Cal., Nov. 11.—After twenty rounds of the most satisfactory fighting witnessed in this city in many months, Referee Eyton announced his decision as a draw in the contest between Eddie Hanlon, of San Francisco, and Aurelia Herrera, of Bakersfield, last night. Although many of the spectators vented their disapproval of the decision to the non-partisans in attendance, the decision was a just one.

In the 25th round of a scheduled 30-round bout at Colman, last night, Willie Fitzgerald knocked out Fred. Landers, of San Francisco.

### Suicides in New York.

New York, Nov. 11.—Two suicides and one attempt at self-destruction were reported to the police within the space of an hour today. John Haskell, living at 2,578 Eighth avenue, killed himself at his home by drinking carbolic acid, and Gustave Gussig, of 522 west 145th street, shot himself in the left temple, inflicting a mortal wound. A Japanese named S. Nichiea was found suffering from the effects of morphine, which the police say was self administered on the lawn in Central Park near Fifty ninth street.

### Cleared for Action

When the body is cleared for action, by Dr. King's New Life Pills, you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyancy of the mind. Try them. At E. S. Leadbeater & Sons' drug store, 25 cents.

### New York Stock Market.

New York, Nov. 11.—Trading all through the first hour was unsettled and nervous, except in the southern iron group and a few industrials. Talk of another southern iron merger continues. Towards the end of the first hour a great deal of uneasiness was expressed over the showing to be made in the bank statement, and fears that the surplus would be entirely wiped out caused general selling by the traders who were fairly large buyers yesterday afternoon. Call money was offered at four per cent. In the last few minutes the market became weak.

### Every Ounce You Eat.

Every ounce of food you eat that fails to digest does a pound of harm. It turns the entire meal into poison. This not only deprives the blood of the necessary tissue-building material, but it poisons it. Kodol Dyspepsia Cure is a perfect digestant. It digests the food regardless of the condition of the stomach. It allows that organ to rest and get strong again. Relieves Belching, Heart Burn, Sour Stomach, Indigestion, Palpitation of the Heart, etc. Sold by W. W. Creighton & Co., 401 King street.

### Breach in Cabinet Healed.

Paris, Nov. 11.—The healing of the breach in the Rouvier Cabinet, for the time being, at least, has been accomplished by the acceptance by M. Etienne, former Minister of the Interior, in principle of the war portfolio to succeed M. Berteaux, who resigned yesterday, following an exciting scene in the chamber. Deputy Trouillot has accepted the position of Minister of the Interior, thus filling the vacancy in the Cabinet. He held the position of Minister of Commerce in the Combes Cabinet in 1902. The portfolio of the Minister of the Interior was first offered to Deputy Surrien, but he declined to accept the office. Later in the day M. Etienne definitely accepted the position of Minister of War.

A great deal of confusion reigns in ministerial circles caused by the discovery that the unexpected action of M. Berteaux in resigning yesterday, was the result of a scheme to surprise the ministry into resigning collectively. The socialists expected then to form a new Cabinet with Berteaux as Premier. The plan was miscarried, however, as the other ministers did not follow the lead of Berteaux in resigning.

### Court Martial Ordered.

Washington, Nov. 11.—Secretary Bonaparte, of the Navy Department, today ordered a court-martial for the trial of Midshipman Meriwether, jr., 3d class Naval Academy, on such charges as may be preferred against him, based upon the fist fight in which he engaged Sunday night last with Midshipman James R. Branch, from the effects of which Branch died Tuesday. In his memorandum attached to the order, Secretary Bonaparte says that the department sees no necessity for a court of inquiry, and that it is clear from the reports received on the case that offenses of such gravity are reputed to Meriwether that his trial by court-martial is indispensible. Continuing, he cites section 5341 of the U. S. Revised Statutes, reading as follows: "Every person who unlawfully and wilfully, but without malice, strikes, stabs, wounds, or shoots at, or otherwise injures another, of which striking, stabbing, wounding, shooting, or other injury, such other person dies, either on land or sea, within or without the United States, is guilty of the crime of manslaughter."

### Steamer Aground.

New York, Nov. 11.—The Hamburg-American line steamer Graft Waldersee, which sailed early today from Hoboken, for Hamburg, lost her bearings in the upper bay, and ran her nose deeply in the mud flats of Red Hook, about opposite Forty Second street, south Brooklyn. A fog prevailed at the time. Tugs were rushed to the assistance of the vessel, but they failed to move her. On the next high tide, about 7:30 this evening, another attempt will be made to clear the vessel. Her officers state that her hull is not damaged and she will proceed on her journey as soon as she could get free.

### A Terrible Ordeal.

While fresh flecks of gray hair about his temples as the permanent record of a nerve-racking experience, Daniel Delaney, a shipping clerk for a brewing company in Chicago, appeared at his desk Thursday, safe and sound, after having been hurled by a misstep from the north abutment of the State street Bascule bridge, into a 35-foot concrete-lined pit that forms a part of the substructure, and had fought for almost an hour in impenetrable darkness against death by drowning or by being crushed by a great counterweight that all but fills the pit in its descent.

Immersed in icy water almost to his lips, Delaney heard the grinding and clanking of the machinery as the 15-ton weight brushed slowly past him as it ascended to the place where it poised the structure. The bridge was being lowered. His shouts for help were muffled by a roof of metal and wood which had closed about him and he sought in vain for a foothold in the lower pool of water that had displaced the counterweight. He clawed at the smooth and slimy concrete walls which rose for so many feet above him.

Then, in the utter darkness, Delaney lost his bearings and was unable to locate the corner into which he had fallen, the only spot that the weight would not occupy. As the moments passed and no answer to his shouts were heard, he realized that the next descent of the weight would crush his life out.

### Cured Of Her Broken Spine.

Nine months in a hospital in Washington with a broken back, John Brisson, an ironworker, left there Thursday practically cured. He fell 35 feet from a building, and was unable to move a muscle below his waist for months. A few weeks ago he found he could bear the weight of his body on one leg. Surgeons advised him to keep at this exercise, and the improvement was rapid. He still uses crutches, but surgeons say that within a year he will be as strong as ever. The doctors say Brisson's spine was broken at the eighth dorsal vertebra.

### Difficulty at County Court House

On last Wednesday morning at the court house in the presence of Mr. George E, Garrett, Mr. W. W. Douglass, Mr. R. C. L. Moncure and Mr. H. R. Thomas, Mr. Curtis B. Graham, commissioner of revenue, publicly charged that George H. Rucker as clerk had attempted to rob the county of $600. Mr. Rucker was not present, but his deputy, Mr. Thomas, immediately resented the charge and branded it as unqualifiedly false, upon which Mr. Graham started toward Mr. Thomas with the evident intend of assaulting him. Mr. Will W. Douglass thereupon stepped between them and said Mr. Graham would not strike that young boy (Mr. Thomas) while he was present, because he had told Mr. Graham the truth. Whereupon Mr. Graham used some of his choice English to the effect, "What have you got to do with it, you ——." From all accounts the sentence was never finished, as a trip-hammer suddenly came against Mr. Graham's eye and he fell over against the safe. Parties intervened and thus ended this little chapter. A few minutes later, Mr. Rucker came up from the railroad station, and the first man to greet him, shake hands with him, and congratulate him was the same Mr. Graham who had a few minutes before publicly charged him of trying to rob the county.—[Monitor.

### Another Magdalene.

A few days ago a woman living in the Whitechapel section of this city was fined for unseemly conduct, and was sent to the workhouse for non-payment of the assessment. Since her incarceration in that institution she is said to have manifested marked repentance. The woman could pay her fine, but has refused to do so, preferring, she says, her present surroundings to those of her former haunts, and being an expert seamstress she plies her avocation and is making herself as useful as possible. The woman will not return to her former companions, but will endeavor in future to follow in the paths of rectitude. In this connection it may be stated that two men were either consenting to the offense for which the woman was arrested or were more directly concerned in it. At any rate, they were present and, in measure, responsible. Now that the woman is attempting to lead an ... would be well for those ... the shame of such un... remember the observation ... ancients: "The descent ... is easy; the gate of Pluto ... open night and day; but to re... and return to the upper ... toil, that the difficulty."

### ... to a Bicyclist.

... evening a youth named ... as coasting on a bicycle ... et between Fairfax and ... llided with Mr. Samuel ... distance east of Lee ... Hall was thrown over ... and his head coming in contact with the vitrified brick pavement he received serious cuts and had to be carried to his home where he was attended by Dr. Smith. Mr. Elliott was knocked down by the impact and stunned, and he, too, had to be carried to his home, one of his eyes having been seriously injured. Attention has several times been called to this dangerous pastime indulged in by youths and young girls. There is a steep grade from Fairfax to Lee street, and the participants in the sport take their feet from the pedals of the wheels and allow them to gather all the headway possible. By the time they reach Lee street they are running almost as fast as express trains. Should they meet with an obstruction the result is sure to be serious. There have recently been minor accidents to young bicyclists near the scene of yesterday's collision, and the above should be sufficient warning to all.

### Unveiling a Tablet.

The session of the Second Presbyterian Church at its meeting on Wednesday night authorized the pastor to arrange for a special service for Sunday night, the 19th, for the unveiling of the tablet which is to go into the new Congo steamer "Lapsley" to the memory of the late Rev. Henry C. Slaymaker, of this city. The tablet is to be erected by his mother, brother and the Cheerful Givers Society of little girls of the Second Presbyterian Church. The tablet will be exhibited and a special programme will be arranged for the occasion.

### Believed to be Mills's Shoes.

Officer Lyles today found in the house of Emma Green, colored, in the northwestern section of the city, a pair of shoes believed to be those of Richard Mills, colored, found dead in a shanty in the northeastern section of the city last Sunday with a bullet hole in his back. Emma says the shoes were brought to her house at 2 o'clock last Sunday morning by Hughes King, now held on suspicion of being implicated in the murder of Mills. An investigation of the finding of the shoes will be made later.

### Saved by Dynamite.

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe. At E. S. Leadbeater & Sons' drug store, price 50c and $1.00; guaranteed. Trial bottle free.

### No Poison in Chamberlain's Cough Remedy.

From Napier, New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that they declared were entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. When taken in time it prevents pneumonia. This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

### Hearing After Death.

An extraordinary incident which occurred of the guillotining at Orleans of the murderer Languille has been interestingly explained by Professor Hartsmann, a famous Paris surgeon.

When the blade of the guillotine fell Languille's head was completly severed from the trunk. A doctor who was in attendance immediately picked up the head and called the dead man's name.

To the astonishment of all present, the eyelids of the severed head opened wide and then closed again.

"Languille! Languille!" called the doctor a second time, and once more the eyelids lifted, but a third call met with no response.

Professor Hartsmann says it is quite possible for a form of nervous life to exist after death. This would not be the case if the subject died naturally or of some disease, but undoubtedly it would be so in the case of a healthy person meeting with a sudden and violent death. When a strong man suddenly passes from life to death his bodily tissues show a considerable amount of resistance.

The Professor says that he himself dissected the body of a man 36 hours after he had been executed and that on pricking with a needle the nerve of the thigh he discovered that it was alive.

In the case of Languile, says the Professor, the eyelids opened not because the name of Languille was pronounced, but because the sound of the voice on the ears immediately produced a reflex action on the nerves. They would have lifted had any other name been called. —[London Mail.

### Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at E. S. Leadbeater & Sons' drug store; price 50c.

When you want a pleasant physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no griping or no unpleasant effect. Sold by Gibson & Timberman and W. F. Creighton & Co.

### FOR OVER SIXTY YEARS

### Nature Needs But Little.

Nature needs only a Little Early Riser now and then to keep the bowels clean, the liver active, and the system free from bile, headaches, constipation, etc. The famous little pills "Early Risers" are pleasant in effect and perfect in action. They never gripe or sicken, but tone and strengthen the liver and kidneys. Sold by W. F. Creighton & Co., 401 King street.

### But Few Are Free.

But few people are entirely free from indigestion at this season of the year.
